More about BE-RO

BE-RO Self-Raising Flour is made from blends of finest wheat flour, thoroughly mixed by special machinery, in correct proportion with the best and purest raising agents.

Stocks in Grocers' shops are maintained in fresh and perfect condition by very frequent and regular deliveries from our two Factories and eleven Depots.

BE-RO is the ideal Self-Raising Flour for the slow amateur, and even for the expert it is better and safer to use, because there is no risk of cakes being spoiled if you are "called away" between the mixing and putting into the oven.

**Be-Ro is supplied in
1-lb., 3-lb. and 6-lb. Bags**

Good Home Baking is something to be proud of

THE woman who can cook well and bake well has every reason and every right to be proud of her cooking.

In ninety-nine cases out of a hundred she has a happy home, because good cooking means good food, and good food means good health.

There's no more pleasing sight than that of a happy family around a well-stocked tea-table, all enjoying their food; and the mother who is responsible for the good cooking, and who has prepared it with her own hands, has every right to survey the results of her culinary skill with pride and satisfaction.

It's more economical, too!

The tasty Scones and Cakes that you make at home, the appetising Pies and Tarts, all cost much less than those you buy ready made. You know what's in them, too; you know they are good and pure; that they have been made under clean, hygienic conditions . . . and your doctor will tell you that good, wholesome food is worth more than all the medicine in the world, especially for hungry, growing children.

That's why it pays to bake at home !

A few useful Hints about Gas Ovens

WHEN about to use a GAS OVEN, first light the Match or Taper, and then turn on the Gas and Ignite it. The flame should be blue, and about one and a quarter inches long.

The oven door should be left slightly open for the first three minutes, to avoid steaming, and then kept shut for 15 minutes.

This will thoroughly heat the Oven, and it is then ready for baking. **WHEN PUTTING IN THE CAKES TURN THE GAS DOWN**, varying according to the kind of cakes.

SCONES, AND "RUFF PUFF" PASTRY, NEED A HOT OVEN, and, in a Gas Oven, are usually placed near the top, immediately under the browning shelf, as this part is hottest. A flame of from half to three-quarters of an inch should be long enough.

SMALL CAKES, BUNS, and SHORT PASTRY require a fairly hot oven, but not quite so hot as for Scones and "Ruff Puff" Pastry.

MEDIUM-SIZED CAKES (such as Sandwich Cake) require a **MODERATE OVEN**, and should be placed on the middle grid shelf, with a flame only one-third of an inch long.

LARGE CAKES should also be placed on the middle grid shelf, and given a moderate heat for about half the time, with a slow heat to finish (the gas being turned as low as possible).

When baking large Cakes, it is best not to open the oven door for at least half an hour after putting the Cakes in.

ALWAYS OPEN AND CLOSE THE OVEN DOOR GENTLY. Slamming the door may make a Cake fall in the centre.

Baking Sheets and Cake Tins should be kept about one-and-a-half inches away from the sides of the Oven, to allow hot air to circulate freely.

Never put water in the drip tin at the bottom of a gas stove. It causes steaming, and will spoil the cooking.

The solid shelf in a gas oven is not for placing things on. It is only supplied for sliding above the articles being cooked, in order to brown the tops, by throwing the heat down.

More Useful Hints

WHEN USING AN ORDINARY COAL OVEN make up the fire before hand with the damper out. When at the proper heat, partly close the damper and build up the fire with coal. This will give a steady heat which can be increased, if need be, by pulling the damper out.

Faults in cakes are often caused by baking too quickly or too slowly. **IF YOUR OVEN IS AT THE CORRECT HEAT**, the times given in this recipe book will give excellent results.

With a little practice, correct heats can be judged by putting one's hand in the oven.

REMEMBER, THERE IS NO NEED TO WORRY ABOUT GETTING BE-RO CAKES INTO THE OVEN QUICKLY AFTER THEY ARE MIXED.

Three Useful Hints

First look to your oven.

Then slightly warm and grease your Baking Sheet or Cake Tin.

Have everything weighed or measured before beginning to mix.

We cannot emphasise too strongly how much safer it is to weigh dry ingredients, as we have proved by test it is impossible to accurately measure equivalent weights.

See Hints on
PASTRY MAKING, page 12; CAKE MAKING, page 25.

Mix the Flour and Salt in a basin, and rub in the Lard with the finger tips. Mix in the Sugar, and stir in with a knife the beaten Egg and Milk, making a soft dough. Turn on to a floured board and divide into four portions. Roll into rounds about half-an-inch thick, and place on a greased baking sheet. Make deep right-angle cuts across the tops with a knife, almost into quarters. Brush over with beaten Egg, and place half a Cherry in the centre of each quarter. BAKE IN A HOT OVEN about 15 minutes.

BE-RO Brown Scones

6-ozs. BE-RO FLOUR. 1½-ozs. LARD.
2-ozs. WHOLEMEAL. MILK or WATER.

These Scones may be varied by using Oatmeal or Ryemeal, instead of Wholemeal.

BE-RO Milk Fadge

1-lb. BE-RO FLOUR. 2-ozs. LARD.
One Teaspoonful Salt. Half Pint of MILK.

Mix Flour and Salt in a basin; rub in the Lard. Make into dough with the Milk (a little over a half-pint may be necessary). Cut into two portions. Roll out to about an inch thick, and place on a greased baking sheet. Bake in a MODERATELY HOT OVEN about 30 minutes.

Quarter Teaspoonful SALT. Three Tablespoonfuls
½-oz. MARGARINE. MILK.
2-ozs. SUGAR. Six drops LEMON ESS.

Mix Flour and Salt in a basin, rub in the Margarine. Mix in Sugar, then the beaten Egg and Milk, making a smooth batter. Add Flavouring. This makes 12 Scones. Bake 2 or 3 at a time by dropping a level tablespoonful for each scone on to a fairly HOT and WELL-GREASED GIRDLE (a solid iron oven shelf will do). Bake quickly, over a fire, gas ring, or hot spot. When brown underneath turn and cook other side. Cool on a wire tray. Eat buttered.

BE-RO Girdle Scones

1-lb. BE-RO FLOUR. 2-ozs. SUGAR.
Half Teaspoonful SALT. One EGG, beaten with

Mix Flour and Salt and rub in the Lard. Mix in the Sugar and the Egg and Milk quickly with a wooden spoon until Flour is absorbed (no longer). Empty on to a well-floured baking board, and make into four round balls. (Do not knead, as the less handling the dough gets the better the scones.) Roll out to quarter-inch thickness, and cut into four. Bake on a moderately-hot GIRDLE. When brown on one side, turn.

PASTRY

THREE RULES FOR PASTRY MAKING

- (1) Handle it Lightly.
- (2) Keep it Cool.
- (3) Bake it in a HOT Oven.

COOl hands, a cool slab, and water as cold as possible, help you to produce the best results. Use the finger-tips, as they are the coolest part of the hands. Always mix with a knife. Add the water gradually, using as little as possible, as the paste should be very stiff. After adding water, avoid adding more flour, as this spoils Pastry.

Pastry requires a **HOT OVEN**. If using a Gas Oven, bake the Pastry on the top shelf, beneath the browning shelf, as this part is hottest.

See Oven Hints, pages 4 and 5.

BE-RO 'Ruff Puff' Pastry

8-ozs. BE-RO FLOUR. 5-ozs. LARD.
Half Teaspoonful SALT. COLD WATER.

Mix Flour and Salt in a basin. Cut Lard into small pieces and mix with the Flour, using a knife. (Do not rub Lard in.) Mix into a stiff paste with COLD Water; turn on to a floured board and roll out into a narrow strip; fold into three, turn one of the open ends towards you and roll out again. Do this three times. Roll the last time into the shape desired. ALWAYS TAKE CARE TO ROLL FROM YOU, and do not break the little air bubbles that will rise. BAKE IN A HOT OVEN.

BE-RO Beef Steak Pie

1½-lb. STEAK and
KIDNEY.

One Tablespoonful FLOUR.
SALT and PEPPER.

Mix, on a plate, a tablespoonful of Flour, a teaspoonful of Salt, and a quarter teaspoonful of Pepper. Cut the Meat into small pieces and roll it in the Flour, Salt and Pepper mixture. Place it in a stew-pan, cover with water, and simmer about an hour, stirring occasionally.

MAKE BE-RO "RUFF PUFF" PASTE (as recipe on opposite page). Turn the Meat into a pie-dish, but do not fill more than two-thirds with Gravy (or the crust will be wet and sodden). If the dish is not well filled with Meat, put a pie funnel in the centre.

Roll out the Paste, the shape of (but a little larger than) the top of the pie-dish, and cut a strip off the edge. Wet the edge of the dish and place the strip all round, moisten it, and cover the pie with the remainder of the Paste, pressing the edges together. Trim the edge, and decorate the top with cuttings of paste. MAKE A HOLE IN THE CENTRE, and brush over the surface with beaten Egg (or MILK). BAKE IN A HOT OVEN about half an hour. If necessary, add a little boiling water to the gravy when serving.

BE-RO Fruit Pie

About 1½-lb. FRUIT.

SUGAR to sweeten.

Prepare the Fruit, and let it simmer, with a little water and Sugar to sweeten, in a saucepan for 15 minutes.

MAKE BE-RO "RUFF PUFF" PASTE (as recipe on opposite page). Place a pie funnel in a pie-dish, and fill with the Fruit. Roll out the paste, the shape of (but a little larger than) the top of the pie-dish, and cut a strip off the edge. Wet the edge of the dish, and place the strip all round, moisten it, and cover the pie with the remainder of the Paste, pressing the edges together. Trim the edge, and decorate the top with cuttings of Paste. Make a hole in the centre, and brush over with beaten Egg (or Milk). BAKE IN A HOT OVEN about half an hour. When done, dredge over top with Caster Sugar.

Always pierce a small hole in the top of Pies to let the steam out. This makes them more wholesome.

Favourites at Parties

To make 12 Sausage Rolls, make the quantity of BE-RO "RUFF PUFF" PASTE (as recipe on page 12). Roll it out, and cut into pieces about 4 inches square.

Use $\frac{1}{2}$ -lb. SAUSAGE MEAT (or take $\frac{1}{2}$ -lb. Sausages out of their skins) and divide into 12 portions. Roll the meat slightly (in hands well-floured), and lay it on the pieces of Paste. Fold the paste over with a slight overlap. Place the rolls on a baking sheet (with the overlap joint underneath). Brush over with beaten Egg, and make three slanting cuts across the tops about an inch long. BAKE IN A HOT OVEN about 20 minutes (until nicely browned).

BE-RO Mince Pies

To make 20 Mince Pies, make the quantity of BE-RO "RUFF PUFF" PASTE (as recipe on page 12). Roll it out VERY THIN. Stamp out with Scone cutters 20 small rounds, and 20 a little larger. Press the edges gently in, and cut a tiny hole in the tops. Brush over with beaten Egg and BAKE IN A HOT OVEN about 15 minutes.

CAKES

Hints for making Cakes

USE a wooden spoon and a warm bowl to cream the Margarine and Sugar. Care must be taken, however, that the bowl is not hot, for on no account must the Margarine be allowed to "oil".

Always break Eggs separately into a cup. If one of them happens to be bad, this will prevent it spoiling the others.

Dip your spoon in Milk before spooning the batter or mixture for small Cakes. This will prevent the mixture sticking to the spoon.

Fruit, if washed, should be well dried before the Cake is mixed. Damp fruit causes heaviness.

To test if a large Cake is sufficiently cooked, pierce the centre of the cake with a skewer (or thin steel knitting needle). If the skewer comes out clean, the cake is ready; if it comes out pasty, the cake is underdone.

Always leave Cakes a short while in the tin before turning them out, just long enough to "set" but not to cool. Then take them out and put to cool on a wire cooling-tray.

Cakes keep best in an air-tight tin, but they must be quite cooled first.

*Read carefully our Oven
Hints on pages 4 and 5*

NEVER USE BAKING POWDER WITH BE-RO.

Three Useful Hints

First look to your oven.

Then slightly warm and grease your Baking Sheet or Cake Tin.

Have everything weighed or measured before beginning to mix.

We cannot emphasise too strongly how much safer it is to weigh dry ingredients, as we have proved by test it is impossible to measure accurately equivalent weights.

Various Cakes from one Foundation Recipe

THIS BE-RO idea simplifies Home Baking, and makes it easier for every woman who "keeps house" to bake her own Cakes.

By creating a Foundation Recipe (BE-RO Sandwich Cake, as below), we have made it possible for you to make several different kinds of Cake by the mere addition of ingredients or flavourings to suit the type of Cake you prefer.

The recipes for Orange Cake, Chocolate Cake, Coconut Cake, Walnut Cake, Almond Cake, Queen Cakes and BE-RO Fancies (on pages 27, 28, and 29), are all based on this one Sandwich Cake Recipe, and form quite a wide variety of dainty Cakes, which can be turned out with little or no difficulty, once you know how to make the BE-RO Sandwich Cake.

BE-RO Sandwich Cake

— the Foundation Recipe

4-ozs. BE-RO FLOUR. One EGG, beaten with
2-ozs. SUGAR. Two Tablespoonfuls
2-ozs. MARGARINE. MILK.

Beat the Sugar and Margarine to a cream, in a warm basin (not hot); then stir in the Flour and beaten Egg-and-Milk (alternately, a little at a time), and MIX THOROUGHLY. The mixture should be soft.

Pour into a well-greased 7-inch Sandwich Cake tin, making the top level with a knife, and BAKE IN A MODERATE OVEN about 30 minutes.

When cool, cut through the centre and spread with Raspberry jam, or any other filling.

Fresh Delicious Flavours

BE-RO Orange Cake

Make the same Mixture as for a BE-RO Sandwich Cake (page 26), without Milk, using instead the grated RIND AND JUICE OF ONE ORANGE (but adding the juice last). MIX THOROUGHLY. Use a well-greased 7-inch Sandwich Cake tin, and BAKE IN A MODERATE OVEN about 30 minutes. When cool, cover with icing.

ORANGE ICING. Mix two tablespoonfuls of Icing Sugar with three teaspoonfuls of Orange Juice, and work to a smooth paste. When Cake is cool, spread with icing and decorate with the grated rind of an orange (dried thoroughly in the oven, powdered and sprinkled over the icing). Desiccated Coconut, previously browned in the oven, makes an alternative decoration.

BE-RO Chocolate Cake

Make the same Mixture as for a BE-RO Sandwich Cake (page 26), with the addition of TWO TEASPOONFULS OF COCOA, mixed in the Flour, and a few drops of Vanilla Essence. Make the mixture soft.

BE-RO Swiss Roll

3-ozs. BE-RO FLOUR. Two EGGS.

BAKE IN A HOT OVEN about 7 to 8 minutes. (Do not over-cook, or it will crack when rolling.) Turn out upside down on to a sugared paper. Spread thinly with Raspberry Jam or Lemon Curd. Turn in the short end nearest you and form a roll by deftly (but not tightly) drawing the paper over it and away from you. Fold the paper around it, and leave for a minute to set; then unfold and leave to cool. Serve in slices, either as Cake, or as a Cold Sweet with Custard.

A BUDDING HOUSEWIFE

DORIS was always asking mother questions, "Why do you do this?" and "Why do you do that?" until finally mother told Doris to read the BE-RO Recipe Book. That's why this budding housewife knows such a lot about home baking.

To Ice a Cake

FIRST LAYER ALMOND ICING

- | | |
|-----------------------|---------------------|
| 1-lb. GROUND ALMONDS. | One Dessertspoonful |
| 12-ozs. ICING SUGAR. | ROSE WATER. |
| 12-ozs. CASTER SUGAR. | Yolks of 4 EGGS. |

Mix Almonds, Sugars, and Rose Water to a stiff dough with the Egg Yolks. If top of Cake is uneven, straighten it by cutting a slice off, or by levelling it with pieces of the icing. Brush over with beaten Egg to prevent the icing falling off when the cake is cut.

Divide the Icing into three portions. Roll one-third into a strip long enough to go half-way round the cake, the same depth as the cake. Press it on to the side of the cake. Cover the other side of the cake in the same way. Roll the remaining third into a circle, and press on to the top of the cake. Smooth the joins in the icing with a knife, until not visible. At this stage it is most important that the cake should be a good shape, the icing should look perfectly smooth, the top level, and there should be a sharp edge round the top of the cake. A little icing sugar sprinkled on the rolling pin and board makes rolling easier. It is also a help to stand the cake on an inverted dinner plate, if an icing table is not available.

SECOND LAYER ROYAL ICING

- | | |
|--------------------|------------------|
| 1-lb. ICING SUGAR. | Two Teaspoonfuls |
| WHITES of 4 EGGS. | LEMON JUICE. |

Sieve the Icing Sugar. Add the Lemon Juice and mix with the whites of Eggs. (When mixed a little icing dropped into the bowl from the spoon should just find its own level.) Beat thoroughly (about 15 minutes) with a wooden spoon until icing is white. Pour all the icing on to the top of the cake, and allow it to run down the sides. If necessary, it may be eased over the top of the cake with a long-bladed knife. The icing that runs off the cake should be collected on a large plate, put into a basin, and kept for decorating. If any part of the side remains uncovered with Royal Icing, apply a little with a round-ended knife. Allow the Royal Icing to harden before decorating.

DECORATION

Stiffen up the Royal Icing that was left by adding more sieved Icing Sugar, until it will stand up in points when beaten with a knife. Press this through forcing tubes in different shapes as required on the cake.

A simpler method is to decorate with preserved Fruits, Holly Leaves, Christmas Decorations, etc. These may be stuck on by means of a little Royal Icing.

An attractive cake may be made by tinting the Royal Icing with culinary colours sold for the purpose, and by using a slightly deeper shade for the forcing.

PUDDINGS

BE-RO Pot Pie (Beef Steak Pudding)

8-ozs. BE-RO FLOUR. Half Teaspoonful SALT.

Cut the meat into pieces, roll it in Flour to which has been added a little Pepper and Salt, and put it into the basin, adding a teacupful of Cold Water. Moisten the edge, then roll out the remaining dough and place it on top, joining it securely by nipping. PRICK THE TOP. Then put the Pudding into a steamer over boiling water, and steam for three hours, keeping the water boiling continuously.

BE-RO Fruit Pudding

Make the same dough as for a BE-RO POT PIE (see above). Cut off half, roll it out and line a well-greased pint basin. BE-RO Pancakes

5-ozs. BE-RO FLOUR.
Quarter Teaspoonful
SALT.

One EGG, and half pint
of MILK.

2-ozs. LARD or FAT.

USE A SMALL FRYING-PAN, AND MAKE PANCAKES VERY THIN. Mix Flour and Salt in a basin. Make a hollow in the centre and drop in the Egg (previously broken into a cup). Stir with a wooden spoon and add the Milk gradually until the Flour is all worked in. (You will still have some Milk left.) Beat well and add the remaining Milk. For each Pancake, melt about a teaspoonful of the Fat, in the pan, on a fairly brisk fire. When it commences to smoke, stir the batter and spoon-in two tablespoonfuls. When brown underneath, turn, and cook the other side. When done, turn it out on to a sugared paper. Sprinkle with Sugar and roll it up. Place on a hot dish and SERVE IMMEDIATELY with SUGAR or SYRUP, LEMON or ORANGE.

BE-RO Yorkshire Pudding

MAKE THE SAME BATTER AS FOR BE-RO PANCAKES. Melt two tablespoonfuls of Dripping (preferably from the Meat that the pudding will be served with) in a Yorkshire pudding tin, making it run all over the inside. BE-RO Batter (for Fish, etc.)

Simply mix BE-RO FLOUR with a little Salt (according to the quantity required), and make a stiff batter with water. Dipping TRIPE, FISH, or SLICED POTATOES in this Batter before frying makes a nice change in method of cooking.

MARGARINE.

One Teaspoonful SUGAR. Two BANANAS (sliced into
One EGG, and a little MILK. rings).

Dust with Caster Sugar and serve HOT. Chopped Apple, or Pineapple, may be used instead of Bananas.

NOTES

Young BE-RO Cooks demonstrating BE-RO Home Baking

These pictures show the BE-RO demonstration kitchen on our Exhibition stand, which has been seen by many thousands of North Country and Midland Housewives.

The girls, whose ages range from 14 years upwards, have had no professional tuition, and the excellent results obtained by them, with never a failure, prove how simple a matter it is to teach your own daughter BE-RO Cookery at home.

How to Buy BE-RO Flour

BE-RO Self-Raising Flour is packed in strong paper Bags, full weight without the paper, by means of automatic electric weighing and filling machines. In the mixing, weighing and filling it is untouched by hand, and comes to you pure and fresh.

There are three sizes, one-pound, three-pound and six-pound. Beginners generally start by using the one-pound size, and wisely so; but when they find out the merits of BE-RO and what pleasing results they get from its use, they find the three-pound and six-pound bags more economical. If you have not yet used BE-RO, start using it to-day. If you are already a regular user, may we ask the favour of a recommendation to your friends?

BE-RO has long been on sale in practically every Grocer's shop in the North of England and South of Scotland. It is now being rapidly taken up by Grocers in the Midlands, and finding its way into many other parts of the country.

SHOULD this booklet become soiled or damaged, the Manufacturers will send a fresh copy, free and post free, if you write to either of the addresses given on opposite page.

They will also be pleased to send a copy to any of your friends who would like one.

These recipes have been specially evolved for use with Be-Ro Self-Raising Flour and ladies are warned that unless Be-Ro is used satisfactory results may not be obtained.

We regret that the Paper used in this Recipe Book varies in colour from page to page, and is not in keeping with the high standard of Be-Ro.
Because of the difficult paper situation and shortage of supplies, we had to accept this paper rather than refuse requests for the Be-Ro Recipe Book.
